About Me

I am a Software Engineer with a strong passion for building modern digital products that combine clean code with outstanding design. My expertise spans Front-End Development, UI/UX Design, Graphic Design, and Multimedia Production, allowing me to transform ideas into complete digital experiences from concept to deployment.

I specialize in developing responsive web applications using React.js, JavaScript, HTML5, CSS3, Tailwind CSS, and Flask while designing intuitive user experiences with Figma and modern design systems. Alongside software development, I create professional branding materials, marketing campaigns, social media content, photography, and cinematic video productions.

My goal is to bridge the gap between technology and creativity by delivering products that are visually appealing, user-friendly, scalable, and technically efficient.

Core Expertise

Software Engineering	UI / UX Design	Graphic Design
● Front-End Development ● React.js ● JavaScript (ES6+) ● HTML5 ● CSS3 ● Tailwind CSS ● Responsive Web Design ● REST API Integration ● Cross-Browser Compatibility ● Dashboard Development ● Web Performance Optimization	● User Experience Design ● User Interface Design ● User Research ● Wireframing ● Prototyping ● Design Systems ● User Journey Mapping ● Responsive Design ● Mobile-First Design ● Accessibility	● Branding ● Visual Identity ● Social Media Design ● Marketing Campaigns ● Posters ● Flyers ● Banner Design ● Print Design

Photography & Multimedia	Development & Collaboration
● Portrait Photography ● Graduation Photography ● Product Photography ● Event Photography ● Photo Retouching ● Video Editing ● Motion Graphics ● Promotional Videos ● Social Media Reels ● Color Grading	● Git ● GitHub ● Agile Workflow ● Team Collaboration ● Problem Solving

Projects

SigGuard – AI Signature Forgery Detection System	Gift Printing E-Commerce Platform	Exercise Posture Analysis System
An AI-powered graduation project designed to detect forged signatures using Siamese Networks and EfficientNet-B0. Responsibilities - Developed the Front-End interface. - Designed the complete UI/UX experience. - Built the Flask backend integration. - Connected AI prediction with the user interface. - Created interactive dashboards. - Implemented real-time visualization and heatmaps.	A fully responsive e-commerce platform for customized gifts. - Complete Front-End development. - Admin Dashboard. - Product management system. - Responsive layouts. - Dynamic product categories. - Modern UI/UX.	An AI-assisted posture analysis application. - Responsive Front-End. - MediaPipe integration. - Image & video upload. - Real-time posture visualization. - Exercise feedback interface.

Creative Portfolio	Additional Software Projects
Designed and produced a wide range of creative projects including: - Branding Identity - Social Media Campaigns - Marketing Materials - Graduation Posters - Event Posters - Business Cards - Flyers - Promotional Videos - Motion Graphics - Photography Sessions - Commercial Advertisements - Product Photography - Event Highlights	- Dental Clinic Website - RemoFit Gym Website - Dashboard Systems - Responsive Landing Pages - AI Visualization Interfaces - Web Application UI Systems

Technical Stack

HTML5 • CSS3 • JavaScript • Python

Frameworks & Libraries

React.js • Flask • Tailwind CSS

CNN • EfficientNet-B0 • Siamese Network • MediaPipe

Design Tools

Figma • Adobe Photoshop • Adobe Illustrator • Adobe Lightroom • Adobe Premiere Pro • Adobe After Effects

Version Control

Git • GitHub

Education

Bachelor of Information Technology

Egyptian E-Learning University (EELU)

Expected Graduation: 2026

Certifications

- Cisco CCNAv7 Enterprise Networking, Security & Automation
- Microsoft x Sprints UI/UX Program
- ITI Cybersecurity Intensive Training
- ITI Web Technologies
- JavaScript Essentials
- HTML Essentials
- Mahara-Tech Professional Certificates

Professional Strengths

- Software Engineering
- Front-End Development
- UI/UX Design
- Graphic Design
- Artificial Intelligence Integration
- Creative Problem Solving
- Team Collaboration
- Communication
- Fast Learning
- Critical Thinking
- Attention to Detail
- Project Management
